Report Omits Mention Of Mayday Protests

VIRGINIA BEACH, May 1 — The chairman of the District of Columbia Committee on the Administration of Justice Under Emergency Conditions delivered an interim report here today without mentioning the Mayday antiwar demonstration last spring.

The report was presented at a conference of D.C. judges here.

The committee was appointed by Washington's federal judges in April, 1971 to study changes in emergency arrests and detention procedures and other problems arising since Washington's civil disorders of 1968.

In the Mayday demonstrations last May 3, a month after the committee was formed, D.C. police abandoned field arrest procedures in arresting an estimated 7,000 persons.
